## **SSC MET Recruitment 2017: Apply for 1102 scientific assistant posts on [ssconline.nic.in](http://ssconline.nic.in)**

**SSC MET recruitment 2017: Candidates can now apply for the post from the official website of the SSC by 5 pm on August 4, 2017. Phones, calculators and other electronic devices will not be allowed inside the exam hall.**

**SSC MET recruitment 2017: The exam will be divided into two parts with a weightage of 200 marks. Candidates will be required to answer 200 questions in two hours and avoid giving incorrect answers due to a negative marking of 0.25 marks.**

The Staff Selection Commission (SSC) has released a notice regarding the 2017 recruitment exam for 1102 scientific assistants in the Indian Meteorological Department. Candidates can now apply for the post from the official website of the SSC by 5 pm on August 4, 2017 (see steps below to know how).

The fee for the exam is Rs 100 which candidates will be required to pay by August 8. The exam will be conducted from November 21 to November 27, 2017 at exam centres in Jammu, Bhopal, Ahmedabad, Guntur, Itanagar, Almora, Bangalore, Gangtok and Agra. Phones, calculators and other electronic devices will not be allowed inside the exam hall.

### **Paper Pattern:**

The exam will be divided into two parts with a weightage of 200 marks. Candidates will be required to answer 200 questions in two hours and avoid giving incorrect answers due to a negative marking of 0.25 marks.

- Part 1 of the paper includes questions on general intelligence and reasoning, quantitative aptitude, English language and comprehension and general awareness for 100 marks
- Part 2 includes questions on physics, computer science, information technology, electronics and telecommunication engineering for 100 marks

## **Eligibility:**

- Candidates should be no older than 30 years in age as on August 8, 2017.
- Candidates are required to have a bachelor's degree in science (with physics as one subject), in computer science, in information technology or in computer applications.
- Candidates with diplomas in electronics and telecommunication engineering from a recognised institution are also eligible.
